

To whom it may concern,

NAHT had a difficult set of circumstances that needed to be investigated quickly, independently and in a way that would instil confidence across the union. Marilyn was recommended to me by a General Secretary colleague.

Marilyn brought confidence to the process along with humanity and insight. As well as getting underneath the issues Marilyn was solution focussed helping us resolve issue satisfactorily.

I would have no hesitation turning to Marilyn for assistance in the future.

Yours sincerely

Paul Whiteman

General Secretary, NAHT
